DRNX DUO BY BROOD

Nitro beverages have never been easier! Our ground breaking DRNX DUO BY BROOD draws from any container, keg, or bag; chills it to 36°F and infuses it with nitrogen extracted from the air. This means no separate nitrogen tank is required.

FEATURES

- Dispenses both nitro and still cold brew from the same tap
- Extracts nitrogen from the air; no nitrogen tank necessary
- Pulls from any container, kegs are only one option
- Plug & play in 2 minutes
- Consistency with every pour
- Chills on demand to 36°F
- Works with any drink
- No need to deal with gas tanks or companies
- Compact design; can be placed over or under the counter
- Customizable color, design and tap handle
- Patent Pending
